SONNING CE PRIMARY SCHOOL FREEDOM OF INFORMATION PUBLICATION SCHEME

1. Introduction

What a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

This publication scheme commits Sonning Church of England Primary School to make information available to the public as part of its normal business activities. The scheme commits Sonning Church of England Primary School:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by Sonning Church of England Primary School and falls within the classifications in section 2 below.
- To specify the information which is held by Sonning Church of England Primary School and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information Sonning Church of England Primary School makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.

Some information which we hold may not be made public, for example personal information. This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.
