Does your child love art? Do you want to explore their artistic potential?

Our structured, child-centred classes are designed to inspire and nurture your child's love of art.

Have your child explore, learn and create with us as they embark on an inspiring journey of artistic discovery through our enriching six-year curriculum. Each term we explore a different artistic theme, experiment with a variety of art materials, and develop our core techniques in drawing and painting.

Arty class is a small, local, dedicated Art School. We started running After School Clubs in September 2024, followed by three Art Schools in Reading, Wokingham and Lower Earley with now around 150 students each week.

We work in partnership with Artspiration (School of drawing and painting), which has delivered art classes across Berkshire since 2007 - with many students gaining Arts Awards, securing Scholarships or going on to achieve outstanding marks in GCSE art.
